Agricultural Hemp Expertise

Superior Service

Hempsters through and through, you'll love working with the friendly and helpful MHT team. From your first inquiry to final delivery, you can count on MHT.

High Quality Hemp

From genetic selection to in-field consulting with local producers, MHT is a trusted buyer of agricultural hemp crops from local producers.

Operational Excellence

Our operations team knows every aspect of hemp production and processing. Data driven and highly qualified, the MHT team understands the importance of efficiency.

Sales Expertise

MHT knows agricultural hemp products because we grow and process it from local fields. Trusted industry experts since 2019, MHT delivers high quality products and experiences.

CHOOSE RAPIDLY RENEWABLE RESOURCES

CHOOSE MHT

Hemp Technology purchases hemp fiber and grain crops from farmers in Kansas and the midwestern United States. Processing the whole plant into sustainable solutions for humans and animals.

MHT distributes HempWool®, HempWood® and Terrafibre® products.
